

Human Subjects Research Protection Policy

Policy A-IC-29

September 1, 2011

Purpose: To provide a statement of practice for the protection of human subjects in research for which it is involved.

Policy: Three Rivers District Health Department will abide by the Cabinet for Health and Family Service's Institutional Review Board Process for involvement with research that involves human subjects.

Procedure: Three Rivers District Health Department and its employees may conduct research which involves human subjects. Any research conducted by an employee who may involve human subjects must seek counsel from the District Director, from which an approval from the Cabinet for Health and Family Services Institutional Review Board for the Protection of Human Subjects in the Office of the Ombudsmen must be given.
